

Handing out Cups can be a Dirty Job

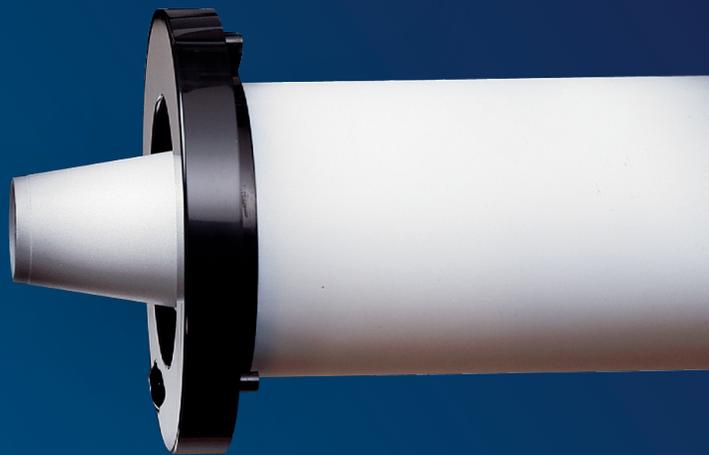

Protect margins and the health of customers with a low-cost, effective system to dispense cups and lids. Dial-A-Cup cuts down on waste and prevents the spread of germs by dispensing cups and lids one at a time. With no more unused cups and lids piled on the counter or thrown in the trash, each and every beverage sale generates the maximum amount of profit.

DAC Dial A Cup

The Dial-A-Cup dispensing system is a unique, easy-to-use method of dispensing almost all standard beverage cups. Dial-A-Cup features a one-size-fits-all concept that provides you the freedom to change cup styles without worrying about how the new cups will fit. With different configurations available, there's a Dial-A-Cup system for every business.
